

**2016 The 4th IEEE International conference on Smart Energy Grid Engineering, August 21-24, 2016, UOIT, Oshawa, Canada,**  
[www.sege-conference.com](http://www.sege-conference.com)

**Dr. Hossam A.Gabbar,**  
Professor, University of  
Ontario Institute of  
Technology (UOIT), Canada

Planning, Control, and  
Protection of Resilient  
Interconnected Micro  
Energy Grids

**Dr. Henrik Lund,** Professor,  
Aalborg University, Denmark

Smart Energy Systems -  
the design of 100%  
renewable energy  
solutions

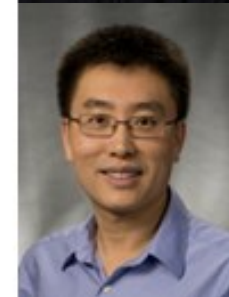

**Dr. Maurizio Repetto,**  
Professor, Dipartimento di  
Energia, Politecnico di  
Torino, Italy

Integration of different  
energy vectors in  
polygeneration systems

**Dr. Jianhui Wang,** Argonne  
National Laboratory, USA

Grid Modernization:  
Challenges,  
Opportunities, and  
Solutions

**Dr. Toshihisa Funabashi,**  
Professor, Nagoya  
University, Japan

Micro Grid Philosophies  
Expansion to the Future  
Local Energy Systems
