

**Postdoc positions in Distributed optimization, Distributed machine learning and Fault-tolerant algorithms for optimization and learning, Georgetown University, USA.**

Contributed by: Nitin Vaidya, [nitin.vaidya@georgetown.edu](mailto:nitin.vaidya@georgetown.edu)

Applications are invited for a post-doc position in Prof. Nitin Vaidya's group at Georgetown University in Washington DC.

Research topics of interest include:

1. Distributed optimization
2. Distributed machine learning
3. Fault-tolerant algorithms for optimization and learning

To apply, send a vitae in PDF to Nitin Vaidya at [Nitin.Vaidya@georgetown.edu](mailto:Nitin.Vaidya@georgetown.edu)

Information about Vaidya's research group is available from [disc.georgetown.domains](http://disc.georgetown.domains)
