Postdoc position in Reinforcement Learning for Cyber Physical Systems at CFINS, Tsinghua University, China.

JOB DESCRIPTION
The center for intelligent and networked systems (CFINS) at Tsinghua University (Beijing, China) (http://www.cfins.au.tsinghua.edu.cn) invites applications for 1 postdoc position in the field of reinforcement learning for cyber physical systems such as energy Internet and smart buildings. Potential applicants with knowledge on Markov decision process, power systems, robotic systems, and/or building systems are especially encouraged to apply. The potential applicant should be expected to receive a PhD degree in EE/CS/IE/SE or related areas by fall of 2020. This postdoc position is for two years and will be supervised by Professor (Samuel) Qing-Shan Jia. Applications will be reviewed immediately. Interested applicants, please send an email to (Samuel) Qing-Shan Jia jiaqs@tsinghua.edu.cn.
